

MKONO GLOBAL
EXECUTION AS A SERVICE

OUR PROMISE TO YOU

Seven things you can always **count on.**

Not a marketing brochure.

A commitment — written to be held against us.

You have sent money home before. You have waited. You have hoped. You have sometimes wondered — and sometimes never found out.

That experience ends here. Mkono Global was built by people who lived that same uncertainty. We know exactly what it feels like. And we built this company to make sure it never happens to you again.

Not a promise. Evidence.

Seven Promises. Every Order.

These are not aspirational. They are not marketing language. Every one of these promises has already been kept — across hundreds of orders, real families, and real outcomes. **We are simply writing them down so you know exactly what to expect from us.** And what to demand if we fall short.

PROMISE 01

You will always receive proof. Not a message. Not a phone call. Evidence.

Every order ends with something you can see — a photo, a receipt, a timestamped confirmation. We do not ask you to trust us. We show you. Every single time, without exception.

What this means for you: You will never have to wonder. You will know.

PROMISE 02

If a health need arises, we act first. We will never leave someone unwell because it was not in the invoice.

Your family member's health is never a budget question. If something medical comes up while we are on the ground, we handle it and reconcile with you after. We will never walk past a health need because the paperwork did not cover it.

What this means for you: Your people are safe. Not just your order — your people.

PROMISE 03

Every shilling you send is accounted for. To the last unit.

We do not round. We do not absorb. We do not keep the change. Every shilling spent is documented. Every shilling unspent is returned or reconciled. Your money goes where you sent it — and you will see the record.

What this means for you: Your money never disappears into silence.

PROMISE 04

We verify every payment before it is sent. Zero misdirected payments. Ever.

Every M-Pesa payment is verified against the business name before a single shilling moves. We confirm the recipient, the account, and the amount. We do not pay on assumption. This is not extra care — it is the minimum standard we hold ourselves to.

What this means for you: Your money reaches exactly who it was meant for.

PROMISE 05

We will never promise speed at the cost of getting it right.

We do not rush an execution to meet an arbitrary deadline. We give every order the time it needs to be done correctly. A same-day promise that introduces error is not a service — it is a risk. Our success rate is 100% because we do not cut corners to be fast.

What this means for you: When we say it is done, it is done correctly.

PROMISE 06

You will hear from us. You will not be left wondering what is happening.

From the moment your order is confirmed to the moment proof is delivered, you will receive confirmation updates. Not silence. Not a generic email. A real update, from a real person, so you know exactly where things stand.

What this means for you: The 2am silence ends with Mkono Global.

PROMISE 07

The person receiving your support will be treated with dignity. Always.

Your family member is not a last-mile problem. They are a person — a parent, a student, a sibling. Every document they receive, every interaction with our team, every step of the process will treat them with the respect they deserve. We are delivering care, not just completing a task.

What this means for you: Your love for them is handled with the same care you intended.

What Happens If We Fall Short

THE MKONO GLOBAL GUARANTEE

If we do not deliver proof of a completed execution, the service fee is fully refunded. No argument. No process. Just returned.

We have never had to activate this guarantee. But it exists because we believe you should never pay for something that was not done — and because the standard we hold ourselves to should have a consequence if we miss it.

The guarantee covers:

- ✓ Full refund of the KES 2,500 On-the-Ground Support fee if proof of execution is not delivered
- ✓ Full reconciliation and return of any unspent funds from your order
- ✓ Direct communication from the Mkono Global team — not an automated system — if anything goes wrong
- ✓ A full record of what happened, shared with you transparently, regardless of outcome

EXECUTION. VERIFIED.

You worked hard for this.

You sent the money because something important needed to get done.

Distance creates uncertainty.

Did it get done?

Was it handled properly?

Can I trust what I am being told?

Mkono Global exists for exactly this reason.
