

MKONO GLOBAL

EXECUTION AS A SERVICE

BUSINESS EXECUTION FLOW

Architectural Blueprint Hub Design: As specified, Operations Memory acts as the central hub and single source of truth. All components following its creation (Operational Intelligence Engine, Document Engine, Execution Team, and AI Document Audit) systematically read from this unified data repository as indicated by the cascading downward flow sync markers.

CUSTOMER

Customer Conversational Interface

(Web, App, Portal, Forms)

Mkono Global WhatsApp Business

(Direct Customer Message)

CUSTOMER EXECUTION REQUEST

MKONO GLOBAL · EXECUTION INTELLIGENCE ENGINE

(AI + Operations Team)

AI RESPONSIBILITIES
